Latest-Position about the number of cases tested HIV Positive and Full Blown Aids

1528. SHRIMATI VEENA VERMA:
SHRI SUSHILKUMAR SAMBHAJIRAO SHINDE:
SHRI RAJUBHAI A. PARMAR:

Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) what is the latest position about the number of cases tested HIV positive and the number of full blown AIDS cases State-wise;

(b) the number of AIDS patients who succumbed to the disease during 1994, 1995 and 1996 so far;

(c) what effective steps have been taken to ensure that all blood samples are tested for HIV every time when blood is collected from donors and administered by way of transfusion;

(d) whether a simple, speedy and cheap process has been developed by an Indian Scientist; and

(e) if so, the details thereof?

THE MINISTER OF STATE OF THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRI SALEEM IQBAL SHERVANI): (a) A statement is Annexed. *(See* below)

(b) Approximately 91 patients during 1994, 347 during 1995 and 65 till June, 1996 are reported to have succumbed to the diseases;

(c) Regulatory machanism has been tightened and it is now made mandatory that every blood unit given for transfusion is free from HIV, Hepatitis, Malaria and Syphillis, 154 Zonal Blood testing centres have been set up all over the country with linkage, provided to all blood banks in public and private sectors. Rapid test kits are provided to all District level Blood Banks where blood transfusion facility is available.

(d) and (e) Indian Council of Medical Research and Department of Bio-technology are monitoring the development of Indigenious HIV Kits. Research Project currently being implemented are promissing and have the potential to develop a simple and .eap Diagnostic Kit.
